# BIRDATHON

## and Spring Bird Count

May 2, 2010

### PARTICIPATION

There are three easy ways to participate:

#### 1. MAKE A PLEDGE

You can pledge a fixed amount (\$10, \$25 or \$50, for example) or pledge a specific amount per species identified. (We usually observe between 140 and 160 species on a Spring Count). Use the small pledge form (see reverse) or send your pledge via e-mail to [parula23@aol.com](mailto:parula23@aol.com) (please put Spring Bird Count in the subject line).

#### 2. SIGN-UP SPONSORS

Anyone donating \$20 or more, who is not already an member, is entitled to a one-year introductory membership in the National Audubon Society – which includes local membership and a subscription to *Audubon Magazine*.

Don't hesitate to ask friends, relatives and neighbors to support the Birdathon! You can distribute copies of the small pledge form for donations, or have sponsors sign-up on the larger form and collect their pledged amounts after the Spring Count (totals will be available 7-10 days after the May 2nd Count.)

Extra forms can be downloaded from the website: [www.charlestonaudubon.org](http://www.charlestonaudubon.org).

#### 3. JOIN THE COUNT

Anyone, whether you're an experienced birder or just getting started, is encouraged to participate in the Spring Count. Groups – each led by an experienced birder – will record the numbers of species and individual birds they identify in their assigned territory over the course of the day. Afterward all of the team reports are compiled into a single report.

To join the count, please contact Andy Harrison who is coordinating this year's Count and Birdathon: Call **795-6934** or email [parula23@aol.com](mailto:parula23@aol.com)

The Charleston Audubon Society Spring Bird Count will be held on Sunday, May 2. Our chapter has conducted this count for many years, and the data we collect is extremely valuable in detecting long-term trends in bird populations.

Once again this year's count will also be a fundraising effort through our annual Birdathon! This year we will use the money we raise during the Birdathon towards the purchase of binoculars for a bird conservation organization in South America, to fund ongoing work at McAlhany Nature Preserve, and to support other local chapter activities. Andy Harrison, our compiler, will be visiting Paraguay this June and hopes to develop a relationship with the bird conservation organization Guyra Paraguay.

Our 15-mile diameter "count circle" (the same area used on the Charleston Christmas Bird Count) is divided into territories, and groups of observers – led by experienced birders – record the numbers of species and individuals they see or hear in their territory over the course of the day. This is birding with a purpose, but it is usually a lot of fun too!

**Sign up for the count:** Birders of all skill levels are welcome to participate on the Spring Count. And becoming involved in a count is a good way to improve your birding abilities! Contact the compiler, Andy Harrison, at 795-6934 or [parula23@aol.com](mailto:parula23@aol.com) for more information.

### AND AFTERWARD . . .

Our birding party with the highest species total and the donor making the largest contribution to the Birdathon will receive special recognition for their accomplishment. Please be patient when awaiting results – tabulating the data and verifying any unusual sightings after the count day may take a week or more (after all, we want to maintain a high-quality dataset for the long-term record).

Whether you join us for the Spring Count or make a donation in support of the Birdathon (or both), you will be supporting a very worthy cause.

– Thanks very much!
